EXCITING TIMES AHEAD

About the time I think things couldn't possibly get more exciting for Armscor, I'm proven wrong.

We continue to honor our commitment to making shooting sports affordable and approachable for everyone at every level.

We continue to be the world's largest manufacturer of quality 1911s.

And we continue to stay ahead of the curve with regard to innovation. Last year we launched our exciting RIA Imports line – quality firearms from all over the world that deliver the performance you've come to expect from Rock Island Armory.

This year we're adding to the RIA Imports line with the VR80. This completely customizable semi-automatic shotgun fuses the ergonomic style of the AR platform with the power and versatility of a shotgun to create the ultimate tool for explosive, close range firepower. You really have to see it to believe it.

See what I mean? Excitement is everywhere and thanks to your continued support, it's safe to say the innovation will continue. Watch for more exciting announcements soon.

Happy Shooting, Everyone!

FEATURE RICH AND COMBAT READY.

The TAC series boasts engineering elements built with every tactical advantage and choice you could want. It's the series of choice for all serious 1911 buyers that want an option for how it will serve them in both tactical and classic applications. When it comes to close-range combat, it is hard to beat the modern tactical handgun. Offering impressive power in a package small enough to maneuver around obstacles and in tight spaces, the handgun brings a unique set of capabilities to any fight.
